

GROUP EXCESS LIABILITY INSURANCE

A special benefit for members of Assurex Global

You are invited to participate in a Group Excess Liability Insurance program featuring high limits of broad coverage at specially discounted rates.

In today's litigious society, success can make you a target for lawsuits. Personal excess liability insurance can make all the difference if allegations of bodily injury or property damage put your assets and reputation on the line.

The importance of ample coverage

The liability coverage included in homeowners, auto, and yacht policies is considered primary insurance; it responds first in the event of a claim. Excess liability insurance responds after primary limits are exceeded. For example, the liability limit within many homeowners' policies is \$300,000. If someone is injured on your property and awarded damages above that, you're personally responsible for the remaining balance, including legal fees.

Program highlights

- Coverage is offered through AIG Private Client Group, a division of the member companies of American International Group, Inc. (AIG), and managed by the independent agency RISCO Insurance Brokerage, Inc.
- Coverage is worldwide and extends to an unlimited number of vehicles, drivers, homes and watercraft.¹
- New acquisitions are protected immediately at the time of purchase, and they won't impact your current premium.
- You won't have to list each asset that requires protection or report changes back to us.
- In the event of a covered personal liability lawsuit:
 - Defense costs are paid outside of policy limits.
 - Your matter will be handled with superior care by AIG Private Client Group's exceptional claims professionals.
 - You can choose legal representation from our panel counsel of preeminent litigation defense specialists; most insurers leave you out of this process entirely.

A houseguest dove into a pool, sustained injuries and became paralyzed from the waist down. Claiming the injuries resulted from poor lighting in the pool area, the guest sued the homeowner for **\$30 million**.

Ask yourself...

If you already have personal excess liability insurance:

- Are the limits adequate? If not, can you obtain higher limits at the same rates that are available via this group program?
- Does AIG provide coverages that are excluded from your policy?

You may be surprised to find that we offer higher limits, broader coverage and lower rates.
